Florida Licensing Requirements

Upon successful completion of a program at American Institute of Beauty, Inc. each graduate must submit an Application for Licensure to the State of Florida Department of Business and Professional Regulation (DBPR). The state of Florida requires the following for licensure:

1. A person desiring to be licensed shall apply to the department for licensure.
2. An applicant shall be eligible for licensure by examination to practice if the applicant:
 - Applicant must be at least 16 years of age or has received a high school diploma or equivalent;
 - Pays the required application fee, which is not refundable, and the required examination fee, which is refundable if the applicant is determined to not be eligible for licensure for any reason other than failure to successfully complete the licensure examination; and
 - Is authorized to practice in another state or country, has been so authorized for at least one year, and does not qualify for licensure by endorsement; OR
 - Has received the minimum hours of training as established by the board, which shall include, but shall not be limited to, the equivalent of completion of services directly related to the practice of the industry at one of the following:
 - A licensed school pursuant to Chapter 1005.
 - A program within the public-school system.
 - The Division of the Florida School for the Deaf and the Blind, provided the division meets the standards of this chapter.
 - A government operated program in the state.

These hours will provide the student with additional training in all areas of artificial nail enhancements to include gel, acrylic and dip as well as chemical peels and advanced skin care procedures and protocol. This additional training will better prepare our graduate for employment in the beauty industry.

What You Should Know About the Industry

American Institute of Beauty, Inc. feels that students interested in pursuing a career in the cosmetology, barbering, manicuring or skin care fields should consider all aspects of such a decision. Persons who want to become professionals in these fields must:

- Have finger dexterity and a sense of form and artistry.
- Enjoy dealing with the public and be able to follow a guest's directions.
- Keep up to date on the latest fashions and beauty techniques.
- Work long hours while building a clientele in order to earn the desired income.
- Make a strong commitment to the educational process and complete the course of study.
- Learn skills necessary to operate a business.

In addition, applicants and students should be aware that:

- The work can be arduous and physically demanding because of long hours standing with hands at shoulder level, sitting over a nail technician's station or an esthetician's chair or bed.
- A personal investment may be required for advertising and promotions such as printing business cards.
- There will be exposure to various chemicals and fumes that may cause allergic reactions or could be harmful if used incorrectly.
- The practice of safety and sanitation is essential for effective and successful performance within the industry.
- Methods of compensation may vary and may include straight salary, salary plus commission, straight commission, sliding scale commission, retail commission, or independent contractor (renting space and equipment from existing salon).

The Florida Barbers Board and Florida Board of Cosmetology require criminal background reporting on their application for licensure for all programs offered at American Institute of Beauty, Inc. Individuals with criminal backgrounds may not be eligible for licensure or employment.
