Federal Financial Aid Availability

American Institute of Beauty, Inc. (herein referred to as AIB) is approved to offer the following Federal Financial Aid programs to students who enroll to attend one of our approved programs:

1. Federal Pell Grants: usually awarded only to undergraduate students who display exceptional financial need and have not earned a bachelor's degree or higher. Federal Pell Grants, unlike a loan, do not have to be repaid, except under certain circumstances.
2. Direct Subsidized Loans: available to undergraduate students with financial need. The U.S. Department of Education pays the interest while the student is in school at least have time, for the first six months after the student leaves school and during a period of deferment.
3. Direct Unsubsidized Loans: available to undergraduate and graduate students, there is no requirement to demonstrate financial need. The student is responsible for paying the interest during all periods. If the student chooses not to pay during the period of enrollment, grace period or periods of deferment the interest will accrue and be capitalized.
4. Direct Parent PLUS Loans: available to eligible parents of dependent students. Parents must not have an adverse credit history; a credit check will be required.

There are two types of Federal Financial Aid available to students: need-based and non-need-based aid. Of the aid available at AIB the following are need-based programs: Federal Pell Grants and Direct Subsidized Loans. The following are non-need-based programs: Direct Unsubsidized Loans and Direct Parent PLUS Loans.

All Federal Direct Loans have a fixed interest rate, this is usually lower than that on private loans and much lower than interest on a credit card. Direct Subsidized and Unsubsidized loans do not require the student to need a credit check or a cosigner. Payments will not begin on Direct Subsidized or Unsubsidized loans until six months after you leave school or drop below half-time, with few exceptions. Federal Loans offer flexible repayment plans and options to postpone your payments if you have trouble in making scheduled payments.

For a student to receive Federal Financial Aid the following must be completed:

1. Student must complete the Free Application for Federal Student Aid (FAFSA) and include the Federal School Code for the school of interest. AIB's Federal School Code is 040165.
2. Once the school has received the FAFSA the Financial Aid Officer will award the student any eligible aid to assist in covering the cost of attendance for the student.
3. Student must accept the awards from the Financial Aid Officer and complete the following documentation for the U.S. Department of Education:
 - a. Entrance Counseling – www.studentaid.gov
 - b. Master Promissory Note – www.studentaid.gov

AIB does not discriminate in its admissions policies based on age, race, creed, ethnic origin, color, religion, sex, financial status or area of origin or residence.

AIB Financial Aid Officers will take information from the FAFSA, using the Expected Family Contribution (EFC), and package each student using the following order of aid:

1. Federal Pell Grants: money that does not have to be repaid

2. Direct Subsidized Loans: U.S. Department of Education pays the interest while students are in school and through the grace period or deferment periods
3. Direct Unsubsidized Loans: not a need-based loan
4. Direct Parent PLUS Loans: if applicable.

Financial Aid Officers will package students to cover as much of the costs as possible without packaging for excess Direct Loans. Excess student loans results in an unnecessary financial burden for the students upon entering repayment. Financial Aid Officers will discuss all requirements of the student loans prior to awarding any Federal Financial Aid to ensure complete understanding of the commitment.

Student Financial Aid Information

Students receiving Federal Financial Aid must maintain the minimum Satisfactory Academic Progress (SAP) requirements to continue their eligibility for Federal Pell Grants and Direct Loans.

In order for a student to be considered making SAP they must maintain a minimum of 75% attendance and grade point average. Students must not exceed the maximum time frame allotted for any program to maintain eligibility (133% of total program hours). All students will have at minimum one SAP advising during their enrollment. This advising will be completed at the midpoint of their program or the midpoint of the academic year (900 clock hours), whichever falls first. A student that fails to maintain SAP at an advising will be placed on 'warning,' while on warning the student will be considered making SAP. At the end of the warning period if the

student continues to fail to meet the minimum SAP requirements he/she will be deemed ineligible to receive any further Federal Financial Aid.

Students that have been placed on warning during a SAP advising may reestablish SAP by meeting the minimum attendance and academic requirements by the next evaluation date. A student may appeal their SAP standing by completing the following steps:

1. Submit a written appeal to the Business Office, on the designated form, with the reason why the determination should be reversed, and
2. Submit supporting documentation for the reason(s) why the determination should be reversed.

The appeal must include an explanation of what has changed that will allow the student to achieve the minimum SAP requirements by the next evaluation period. Reason a student may appeal their SAP decision are: death of an immediate relative, injury or illness of the student, or other allowable mitigating circumstances.

Federal Financial Aid disbursements are received by the school and posted to the student's ledger within three days. Disbursements are received based on actual hours completed by the student in their program. The first Pell Grant and Direct Loan disbursement is received within the first 30 days of the student beginning their program. For programs one academic year (900 clock hours) or less the second disbursement will come once the student has completed half the required program hours. For programs longer than one academic year the second disbursement will be received once the student completed 450 clock hours. If eligibility remains a third disbursement will be received once a student completes 900 clock hours.

Federal Direct Loans must be repaid to the U.S. Department of Education. Once Direct Loans are created by the school they will be assigned to one of the approved lenders, this is where students/parents make their payments. Direct Subsidized and Unsubsidized Loans do not require payments while the student is in school, payments will not begin until after the Grace Period. Grace Period is six months from the last date of attendance or the date the student drops below half time. Grace period will be six months unless the student take a Leave of Absence while attending school, it will be shortened by the same number of days taken for the Leave of Absence. Direct Parent Plus Loans begin repayment once the loan is fully disbursed, after the second disbursement is received by the school. All Federal Direct Loans have multiple payment plans available to the borrower. If a borrower is temporarily unable to make schedule payments there are deferments available, temporary postponement of scheduled payments.

Once a student is within 100 clock hours of completing their program they will be required to complete their exit counseling with the Financial Aid Officer, same applies to students unable to complete their program and are withdrawing from their program. Exit Counseling is a requirement by the U.S. Department of Education. The following will be included in the exit counseling:

1. On-line exit counseling: www.studentaid.gov
2. Updated student references
3. Financial Aid Officers will review the following information with the student:
 - a. Loan servicer and servicer contact information
 - b. School loan and total loan balanced
 - c. Estimated repayment date and payment amount
 - d. Payment plan options and deferments.

Campus Facilities

REFUND AND CANCELLATION POLICY

For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure.

Any monies due the applicant or students shall be refunded within 30 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:

1. An applicant is not accepted by the school. The applicant shall be entitled to a refund of all monies paid.
2. A student (or legal guardian) cancels his/her enrollment in writing within three business days of signing the enrollment agreement. In this care all monies collected by the school shall be refunded, regardless of whether or not the student has actually started classes.
3. A student cancels his/her enrollment after three business days of signing the contract but prior to starting classes. In these cases he/she shall be entitled to a refund of all monies paid to the school less then registration fee in the amount of \$100.00
4. A student notifies the institution of his/her withdrawal in writing.
5. A student on an approved leave of absence notifies the school that he/she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning.

6. A student is expelled by the school. (Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 30 days.)
 7. In type 2, 3, 4 or 5, official cancellations or withdrawals, the cancellation date will be determined by the postmark on the written notification, or the date said notification is delivered to the school administrator or owner in person.
- For students who enroll and begin classes but withdraw prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school applies. All refunds are based on scheduled hours:

Percentage of scheduled length completed to total length of program term per contract	Amount of tuition owed to the school
0.01% to 20%	Pro-Rata
20.1% to 24.9%	45%
25% to 49.9%	70%
50% and over	100%

- All refunds will be calculated based on the students last date of attendance. Any monies due to a student who withdraws shall be refunded within 30 days of a determination that a student has withdrawn, whether officially or unofficially. In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If permanently closed or no longer offering instruction after a student has enrolled, the school will provide a pro rata refund of tuition to the student. If the course is canceled subsequent to a student's enrollment, the school will either provide a full refund of all monies paid or completion of the course at a later time. If the course is cancelled after students have enrolled and instruction has begun, the school shall provide a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school OR provide completion of the course OR provide a full refund of all monies paid.
- Students who withdraw or terminate prior to course completion are charged a cancellation fee of \$150.00. This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (E.G. extra kit materials, books, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in the enrollment agreement.
- Drop/Add Period: defined as one week (5 days) in a program. If a student withdraws from the program during the drop/add period they will be entitled to a refund of all monies paid, with the exception of the registration fee of \$100.00.

If a Title IV financial aid recipient withdraws prior to course completion, a calculation for return of Title IV funds will be completed and any applicable returns by the school shall be paid, as applicable, first to unsubsidized Federal Direct Student Loan Program; second to subsidized Federal Direct Student Loan Program; third to Federal Pell Grant Program; fourth to other

Federal, State, private or institutional student financial assistance programs; and last to the student. After all applicable returns to Title IV aid have been made, this refund policy will apply to determine the amount earned by the School and owed by the student. If the student has received personal payments of Title IV aid, he/she may be required to refund the aid to the applicable program.

Kit Fee

Any item issued in the kit and opened by the student is non-refundable (After 3 business days). A refund of kit fee will be calculated at the time the student withdraws for those items returned un-opened.

Transfer of Credit Policy

AIB will consider accepting credit/clock hours earned by a candidate at another accredited post-secondary institution. During the application process, an individual requesting that credits be transferred from a previously attended institution is to provide AIB with an “official” transcript from that institution. An official transcript is one which is sent directly from that institution to AIB. AIB will evaluate that transcript and compare the course offerings delineated in that transcript to the courses offered by AIB in the program into which the candidate is enrolling. If

the course completed at the previously attended school is significantly similar in content to that offered by AIB, AIB will agree to accept clock hour credit for that course, with a few exceptions. For AIB to evaluate that transcript, it is important that the transcript lists all courses completed, all written and practical exams taken, and the grades for each. The transcript must also include the type and number of services completed in each course as well as the candidate's grade point average, number of hours attended, attendance percentage, the candidate's completion date or withdrawal date and the last date of attendance. If the transcript is missing any of this important information, AIB may, in its sole discretion, decline to transfer credits.

AIB will not consider transferring course credit for written or practical exams with a test score of 74% or less. Further, the maximum number of hours which AIB will accept for transfer into a program is 75% of the program hours required by AIB to complete that program. And AIB will only consider transcripts for transfer of credit/clock hours from those unlicensed or unregistered candidates whose last date of attendance at a previous school was no more than five years ago.

AIB's evaluation of a candidate's transcript will be completed by AIB prior to a candidate's enrollment, so that the candidate will be provided with a determination, in writing, of exactly how many credit/clock hours can be transferred and the class level which will be assigned to that candidate. That determination is made by AIB in its sole discretion and is not subject to further review but for good cause. If the candidate accepts that determination, the candidate will sign a Transfer of Credit Determination form, agreeing to the number of hours to be credited and the class level to be assigned.

Individuals requesting to transfer credit/clock hours for practical coursework may be asked by AIB to demonstrate proficiency in those practical skills if, at AIB's sole discretion, it is determined that the theory or practical coursework offered by the previously attended institution was or may have been less comprehensive than that which is offered at AIB. AIB may recognize all, part or none of the candidate's previous practical coursework, at its option and based on that proficiency testing.

Candidates who are transferring credit/clock hours are expected to comply with all AIB enrollment requirements. If a candidate is approved for enrollment and the transfer of credit/course hours, tuition will be due and payable for the remaining course of study to be completed at AIB plus the standard enrollment fees paid by all students. The breakdown of the tuition and fees will be included in the Enrollment Agreement signed by the candidate and AIB. AIB students electing to transfer from AIB to another school are encouraged to become familiar with that other school's transfer of credit/clock hours policy; these policies differ at each school.

Copyright Infringement Policy

American Institute of Beauty, Inc. does not condone or tolerate the illegal duplication of software or any school information or data. The copyright holder is given certain exclusive rights, including the right to make and distribute copies. Title 17 of the U.S. Code states: "it is illegal to make or distribute copies of copyrighted material without authorization" (section 106). The only exception is the users' right to make a backup copy for archival purposes (section 117).

The law protects the exclusive rights of the copyright holder and does not give users the right to copy software unless the manufacturer does not provide a backup copy. Unauthorized duplication of software is a federal crime, penalties include fines up to and including \$250,000 and jail terms up to five years.

Even the users of unlawful copies suffer from their own illegal actions, they receive no documentation, no customer support and no information about product updated.

American Institute of Beauty, Inc. licenses the use of computer software from a variety of outside companies. It does not own this software or its related documentation and unless authorized by the software manufacturer, does not have the right to reproduce it.

American Institute of Beauty, Inc. employees and students may use the software on local area networks or on multiple machines only in accordance with the software publishers license agreement.

Any employee or student learning of any misuse of software or related documents within the school must notify the President of American Institute of Beauty, Inc., Michael Halmon, immediately.

According to the U.S. Copyright Law, illegal reproductions of software can be subject to civil damages and criminal penalties, including fines and imprisonment. American Institute of Beauty, Inc. employees and students who make, acquire or use unauthorized copies of computer software will be disciplined as appropriate under the circumstances, this may include termination of employment or enrollment.

The network is to be used as a tool to enhance the education of the students and is not available for unrestricted use for other purposes.

Copyright Law: Downloading or distributing copyrighted material without the express permission of the copyright owner is copyright infringement and is against the law. Unless you receive actual express permission from the copyright owner, assume you do not have permission to download or share the file. If you illegally download or share copyrighted material such as music or movies, you could face legal action from the owner of the copyright work, which could mean thousands of dollars in fines as well as school disciplinary action.

Copyright infringement under federal law does not require intent, or even knowledge, on the part of the alleged infringer, therefore it does not matter that you didn't know you were sharing a file. Also, downloading music or a movie without permission, whether is it shared or not, is illegal. If you share a file without permission, whether knowingly or intentional, you may be held liable for copyright infringement.

School Accreditation and Approval

Disbursement for Books and Supplies

Students are given an option, prior to enrolling, on how they would like to purchase the required books and kit items. There are three options available: 1) purchase books and kit from the school, 2) purchase part of the books and kit from the school and purchase part from an outside vendor, or 3) purchase all books and kit from an outside vendor.

Kit items purchase from the school will be added to the student's ledger and packaged into the student's payments or financial aid. If the student opts to purchase from outside vendors it must be known that Federal Financial Aid Loan monies will not be disbursed for the student until the

student has attended 30 days. The student must purchase these items out of pocket and once a credit is available from financial aid it will be disbursed to the student to cover these costs.

Voter Registration Forms

Every student is required to complete Orientation prior to beginning their program. During orientation it is asked if there are any students that are not registered to vote and wish to register. Regardless of the answer all students receive a document with the website to register. Students are also informed that Voter Registration Forms are available through the Business Office, students may request this form at any time.

Constitution Day

September 17th is U.S. Constitution Day, a day to celebrate the ratification of the U.S. Constitution. In honor of this day, each year, all educators dedicate their theory class to discussing the U.S. Constitution and/or a U.S. Constitution activity. In the event September 17th falls on a non-school day it will be recognized the week before or after the actual day.

Drug and Alcohol Abuse Prevention

AIB abides by the requirements set forth in the “Drug Free Campus Act.” This act forbids the possession, distribution, use, or sale of alcoholic beverages, illegal drugs and controlled substances in, on or around the campus, or as part of any student activity, by any student. AIB is a drug free environment and future professionals may be required to alcohol or drug test as necessary. Illegal drugs and alcoholic beverages are prohibited on or around the school premises and facilities. It is against AIB policy for a student to:

1. Be on campus property and/or to attend class while under the influence of any controlled substance or alcohol (as determined by campus management, in its sole discretion), unless the drug is legally prescribed to her or him.
2. Sell, use, purchase, manufacture or be in possession of any non-prescribed controlled substance or drug paraphernalia, while on Campus or on AIB property.
